NEW-BUILD SCHOOLS

An unprecedented school building programme is producing facilities appropriate to the 21st century. Baxter & Gillespie is at the forefront of this major educational expansion, providing painting and decorating expertise for all types of projects in the primary and secondary sectors. Educationalists insist that a modern learning environment is a key factor in a child's development, enhancing the learning experience. The company is part of an architectural revolution that is flooding light into spacious classrooms, assembly rooms, gymnasiums, atriums and corridors. Calling on expertise gained over many years, Baxter & Gillespie is helping to fashion some of the country's most impressive state-of-the-art school buildings, such as Bearsden Academy and Calderglen Academy, East Kilbride. Over 50 school contracts have been successfully completed in recent years.

Interior, St Matthew's Academy, Saltcoats
